Signorina Gráinne

Chapter 1

“Hello Órla. I’m looking for Aoife. Have you seen her?”

“There you are, Gráinne! I was looking for you.”

“I’ve just arrived. Sorry I’m a few minutes late, Aoife. It took me a little longer to get the right dress.”

“It’s fine, Gráinne. Come, let’s dance.”

Naturally of course Aoife leads me in the dance.

Naturally. Because after all, I am her woman.

You see I'm woman to women

I would spread my legs for a woman. But I have no interest in men. I have a fegina. But not an ana. I go one way, as a woman to women. I do not go both ways. I'm woman to women. Not to men.

I'd be Signorina Gráinne. Not Señorita.

I've written about the option of a man being woman to men as well as to women in order to unlock this in the Tao

In Golden Age there will be men who will wish to be women to women. Some of these men will wish to go both ways. Women to women and also women to men. Whether to men-men or to men who also live as women. That's perfectly fine. That works in the Tao.

A man can be woman to men and still be in the Tao provided that he is also woman to women

This lays the foundation. This must be in place first.

This is necessary to lay the Duality of the Tao. Without Duality one cannot achieve the Tao.

*In my case I am only interested in being a woman to
women*

But many men will wish to go both ways. For those that wish to do so – women to women and also women to men – I am unlocking this option. Then it is a choice.

In my case I'm a woman's man. I like women. I'm just not into guys.

Me, I'm a woman's man.
