Way of the Dragon

Chapter 1

Bruce Lee

Bruce Lee had Rank of Dragon

Here is how he achieved it.

Bruce Lee's Back Injury

I can relate to this. My back was shattered in 2013. I had to learn to walk again. Over these past three years I have thrown myself into writing. Writing of the Tao. Of technologies. Of Golden Age. It has been cathartic. It helps with my healing.

Much of my writings were destroyed a few days to prevent them from falling into the wrong hands. There was no choice. But I can really relate to Bruce and his book.

*There are those who doubted that Bruce would ever walk
again*

But he did.

Enter the Dragon

As will I too.

Perfectly normally, one day.
